MSAN 610 - LinkedIn

Andre Guimaraes Duarte

September 6, 2016

- update summary " I am passionate about extracting information from data, and finding new solutions to complicated problems." sounds weird. Became "Passionate about using data to find new solutions to complicated problems." (consistency, phrasing)

- move languages above skills

- remove certifications (coursera) when we take our ML course

- "CT scans data of bone" became "CT scans of bone"

- remove Volvo internship (1 month in 2011)

- remove UFMG internship (2 months, same work as most recent one)

- BS, MS for INSA
